RE: Support Senate Bill 355, "Energy Companies & Net Energy Metering
& Payment for Accrued Generation 2 Credit"

Dear Chairman and Members of the Committee:

The Maryland League of Conservation Voters is pleased to join with other conservation groups in urging your support of Senate Bill 355, "Energy Companies & Net Energy Metering & Payment for Accrued Generation 2 Credit."

SB 355 would require utilities to pay customers back for surplus energy they create with solar panels on their roofs. This incentive will create a more robust market for energy generation.

Sincerely,

Cindy Schwartz
Executive Director

For more than 30 years, the Maryland League of Conservation Voters has been the independent political voice for the environment in our state. Maryland LCV is dedicated to making environmental protection and restoration a top priority for Maryland's elected officials, appointed leaders, candidates and voters. The Maryland League of Conservation Voters advocates for sound conservation policies, works to get pro-environment candidates elected, and holds elected officials accountable for their votes and actions.
