

MARYLAND LEAGUE
OF CONSERVATION VOTERS

Hot List – House

WEEK of February 22, 2011

The Maryland League of Conservation Voters is pleased to present the House version of the “Hot List” – a detailed list of environmental legislation moving through your chamber *this week*. Our volunteers will deliver the Hot List to your office every Tuesday; it will also be emailed to your office. We hope you find this weekly communication helpful and instructive as you tackle important environmental bills this session. If you have any questions, please contact Pete Johnson at pjohnson@mdlcv.org or 410-280-9855, extension 204.

Important Bills To Watch

The environmental community’s top priorities are:

	<p>HB 70/HB 72: Protecting the Green Infrastructure Budget Committee Hearing: Ongoing Committee Hearings in Appropriations SUPPORT</p> <p>Every dollar Maryland invests in protecting our environment saves good jobs today and creates more good jobs tomorrow. We are gravely concerned about the “zeroing out” of any environmental programs. Specifically, we must protect funding for Program Open Space, the Chesapeake Bay Trust Fund and Bay Restoration Fund, and the Regional Greenhouse Gas Initiative (RGGI) Programs; and we oppose cuts to funding for our Agriculture, Energy, Environment, Natural Resources, and Planning agencies. As the General Assembly once again works to make difficult decisions due to the challenging economy, we are closely watching budget cuts and revenue generating mechanisms.</p>
	<p>HB 1034: Clean the Streams and Beautify the Bay Act Sponsor: Delegate Carr Committee Hearing: March 11, 2011 at 1:00 pm in Environmental Matters SUPPORT</p> <p>Establishes a five-cent fee for single-use plastic and paper bags distributed at stores, with the proceeds to be split among the retailers, the Chesapeake Bay Trust for environmental restoration projects, and program administration and enforcement.</p>
	<p>HB 852: Marcellus Shale Safe Drilling Act Sponsor: Delegate Mizeur Committee Hearing: February 23, 2011 at 1:00 pm in Environmental Matters SUPPORT</p> <p>Would prohibit drilling for natural gas in Maryland until and unless drilling companies demonstrate that wetlands, forests, critical habitats, and existing communities would not be put at risk.</p>
	<p>HB 1054: Maryland Offshore Wind Energy Act Sponsors: Speaker Busch (By Request of Governor O’Malley), Delegate Hucker Committee Hearing: March 3, 2011 at 1:00 pm in Economic Matters SUPPORT</p> <p>The United Steelworkers and environmental groups are joined in support of offshore wind legislation. The legislation will require the Public Service Commission (PSC) to negotiate long-term contracts of up to 25 years between Maryland utilities and offshore wind generating companies. The bill will also direct the PSC to consider long-term price stability, environmental and public health benefits, and other factors when determining approval of the long-term contracts. Satisfying a modest portion of each large electricity supplier’s load with offshore wind power will lock in stable energy prices.</p>

In addition to our four priority issues and bills, we are working on a number of other bills this session. If you have bills that you would like Maryland LCV to consider for inclusion in the “Hot List” or submit written testimony for, please contact Pete Johnson at pjohnson@mdlcv.org or 410-280-9855 x 204.

UPCOMING BILLS BY COMMITTEE

Economic Matters Committee

	<p>HB 164: Demand Response Pilot Program for Charging Electric Vehicles Sponsor: President Miller (By Request of the Administration) Committee Hearing: March 3, 2011 at 1:00 pm in Economic Matters <i>SUPPORT</i> SB 179 establishes a demand response pilot program for charging electric vehicles by June 30, 2013.</p>
--	--
