# Hot List – House

WEEK of March 29, 2011

The Maryland League of Conservation Voters is pleased to present the House version of the “Hot List” – a detailed list of environmental legislation moving through your chamber *this week*. Our volunteers will deliver the Hot List to your office every Tuesday; it will also be emailed to your office. We hope you find this weekly communication helpful and instructive as you tackle important environmental bills this session. If you have any questions, please contact Pete Johnson at [pjohnson@mdlcv.org](mailto:pjohnson@mdlcv.org) or 410-280-9855, extension 204.

## IMPORTANT BILLS TO WATCH

The environmental community’s top priorities are:

	<p><b>HB 70 / SB 87: Protecting the Green Infrastructure Budget</b>  <b>HB 70/HB 72 Committee Action: Favorable Report with Amendments by Appropriations</b>  <b>SUPPORT</b></p> <p>Every dollar Maryland invests in protecting our environment saves good jobs today and creates more good jobs tomorrow. We are gravely concerned about the “zeroing out” of any environmental programs. Specifically, we must protect funding for Program Open Space, the Chesapeake Bay Trust Fund and Bay Restoration Fund, and the Regional Greenhouse Gas Initiative (RGGI) Programs; and we oppose cuts to funding for our Agriculture, Energy, Environment, Natural Resources, and Planning agencies. As the General Assembly once again works to make difficult decisions due to the challenging economy, we are closely watching budget cuts and revenue generating mechanisms.</p>
	<p><b>HB 1034/SB 602: Clean the Streams and Beautify the Bay Act</b>  <b>Sponsor: Delegate Carr</b>  <b>HB 1034 Committee Hearing: Already Heard</b>  <b>SUPPORT</b></p> <p>Establishes a five-cent fee for single-use plastic and paper bags distributed at stores, with the proceeds to be split among the retailers, the Chesapeake Bay Trust for environmental restoration projects, and program administration and enforcement.</p>
	<p><b>HB 852/SB 634: Marcellus Shale Safe Drilling Act</b>  <b>Sponsor: Delegate Mizeur</b>  <b>HB 852 Floor Action: Passed Third Reader 98-40; Assigned to Education, Health and Environmental Affairs</b>  <b>SUPPORT</b></p> <p>Would prohibit drilling for natural gas in Maryland until and unless drilling companies demonstrate that wetlands, forests, critical habitats, and existing communities would not be put at risk.</p>
	<p><b>HB 1054/ SB 861: Maryland Offshore Wind Energy Act</b>  <b>Sponsors: Speaker Busch (By Request of Governor O’Malley), Delegate Hucker</b>  <b>HB 1054 Committee Hearing: Already Heard</b>  <b>SUPPORT</b></p> <p>The United Steelworkers and environmental groups are joined in support of offshore wind legislation. The legislation will require the Public Service Commission (PSC) to negotiate long-term contracts of up to 25 years between Maryland utilities and offshore wind generating companies.</p> <p><b>HB 1227/SB 881: Economic Development Opportunities—Wind Turbine Manufacturing Facility</b>  <b>Sponsor: Speaker Busch (By Request of Governor O’Malley)</b>  <b>HB 1227 Committee Hearing: Bill Withdrawn</b>  <b>SUPPORT</b></p> <p>Attracts new wind turbine manufacturing facilities to Maryland.</p>

In addition to our four priority issues and bills, we are working on a number of other bills this session. If you have bills that you would like Maryland LCV to consider for inclusion in the “Hot List” or submit written testimony for, please contact Pete Johnson at [pjohnson@mdlcv.org](mailto:pjohnson@mdlcv.org) or 410-280-9855 x 204.
