

MARYLAND LEAGUE  
OF CONSERVATION VOTERS

# Hot List – Senate

WEEK of February 22, 2011

The Maryland League of Conservation Voters is pleased to present the Senate version of the “Hot List” – a detailed list of environmental legislation moving through your chamber *this week*. Our volunteers will deliver the Hot List to your office every Tuesday; it will also be emailed to your office. We hope you find this weekly communication helpful and instructive as you tackle important environmental bills this session. If you have any questions, please contact Pete Johnson at [pjohnson@mdlcv.org](mailto:pjohnson@mdlcv.org) or 410-280-9855, extension 204.

## Important Bills To Watch

The environmental community’s top priorities are:

	<p><b>SB 85/SB 87: Protecting the Green Infrastructure Budget</b> <i>SUPPORT</i> Every dollar Maryland invests in protecting our environment saves good jobs today and creates more good jobs tomorrow. We are gravely concerned about the “zeroing out” of any environmental programs. Specifically, we must protect funding for Program Open Space, the Chesapeake Bay Trust Fund and Bay Restoration Fund, and the Regional Greenhouse Gas Initiative (RGGI) Programs; and we oppose cuts to funding for our Agriculture, Energy, Environment, Natural Resources, and Planning agencies. As the General Assembly once again works to make difficult decisions due to the challenging economy, we are closely watching budget cuts and revenue generating mechanisms.</p>
	<p><b>SB 634: Marcellus Shale Safe Drilling Act</b> <b>Sponsor: Senator Frosh</b> <b>Committee Hearing: March 1, 2011 at 1:00 pm in Education, Health, and Environmental Affairs</b> <i>SUPPORT</i> Would prohibit drilling for natural gas in Maryland until and unless drilling companies demonstrate that wetlands, forests, critical habitats, and existing communities would not be put at risk.</p>
	<p><b>SB 602: Clean the Streams and Beautify the Bay Act</b> <b>Sponsor: Senator Raskin</b> <b>Committee Hearing: March 8, 2011 at 1:00 pm in Education, Health, and Environmental Affairs</b> <i>SUPPORT</i> Establishes a five-cent fee for single-use plastic and paper bags distributed at stores, with the proceeds to be split among the retailers, the Chesapeake Bay Trust for environmental restoration projects, and program administration and enforcement.</p>
 <p><b>NEW THIS WEEK</b></p>	<p><b>SB 861: Maryland Offshore Wind Energy Act</b> <b>Sponsor: President Miller (By Request of Governor O’Malley), Senator Pinsky</b> <b>Committee Hearing: March 5, 2011 at 1:00 pm in Finance</b> <i>SUPPORT</i> The legislation will require the Public Service Commission (PSC) to negotiate long-term contracts of up to 25 years between Maryland utilities and offshore wind generating companies.</p> <p><b>SB 881: Economic Development Opportunities—Wind Turbine Manufacturing Facility</b> <b>Sponsor: President Miller (By Request of Governor O’Malley), Senator Pinsky</b> <b>Committee Hearing: March 15, 2011 at 1:00 pm in Finance</b> <i>SUPPORT</i> Attracts new wind turbine manufacturing facility to Maryland.</p>

In addition to our four priority issues and bills, we are working on a number of other bills this session. We are still in the early part of the session; therefore the list below is not comprehensive. If you have bills that you would like Maryland LCV to consider for inclusion in the “Hot List” or submit written testimony for, please contact Pete Johnson at [pjohnson@mdlcv.org](mailto:pjohnson@mdlcv.org) or 410-280-9855 x 202.
