**RE: Support HB 1145 – “Renewable Energy Infrastructure Loan Program”**

Dear Chairman Davis and Members of the Committee:

The Maryland League of Conservation Voters is pleased to join with other conservation groups in urging your support of HB 1145 – “Renewable Energy Infrastructure Loan Program.”

In order to get more Marylanders to invest in renewable energy, a greater variety of options need to be available. These loans will be very helpful to citizens, schools, and local governments.

Greater use of clean, renewable energy will help Maryland curb global warming emissions.

Please support HB 1145.

Sincerely,

Cindy Schwartz  
Executive Director
