

Hot List WEEK of January 22nd

The Maryland League of Conservation Voters is pleased to present the "Hot List" - a detailed list of environmental legislation moving through the Maryland General Assembly. Usually, our volunteers will deliver the Hot List to your office every Tuesday; it will also be emailed to your office. We hope you find this weekly communication helpful and instructive as you tackle important environmental bills this session. If you have any questions, please contact Kristen Harbeson at kharbeson@mdlcv.org or 410-280-9855, extension 202.

Maryland House of Delegates

Appropriations Committee

Title:	HB0160/ SB0185 - Budget Bill (Fiscal Year 2019)
Summary:	We will oppose rollbacks to the legislative legacy of healthy air, clean water, and unpolluted lands. We must remain vigilant in protecting key environmental programs such as Program Open Space or the Chesapeake and Atlantic Coastal Bay Trust Fund or Bay Restoration Fund as well as critical resources needed for enforcement and program implementation at the Departments of Environmental, Agriculture, Transportation, Planning, Natural Resources, and Energy.
Status:	Appropriations - First Reading
Position:	Monitor
Sponsor:	Speaker/President (by request of the Administration)

Economic Matters Committee

Title:	Clean Energy Jobs Act of 2018
Summary:	Raises the amount of energy Maryland derives from renewable energy to 50% by the year 2030; dedicates funding to workforce development programs, especially women-owned, minority-owned, and veteran-owned businesses; phases waste incineration out of tier one energy sources and expands incentives for solar and wind-energy projects.
Status:	Pending Introduction
Position:	Support
Sponsor:	Delegate Frick/Senator Feldman

Environment and Transportation Committee

Title:	HB0003/SB0138: Environment – U.S. Climate Alliance – Membership
Summary:	Requires the Governor to include the State as a member of the U.S. Climate Alliance on or before July 18, 2018; mandates that only the General Assembly may withdraw the State from the U.S. Climate Alliance, and requires the Governor to provide an annual report on the activities of the U.S. Climate Alliance to the General Assembly.
Status:	In the House - Hearing 1/24 at 1:30 p.m.
Position:	Support
Sponsor:	Delegate Stein/Senator Conway

Title:	HB0026/SB0133 – Community Healthy Air Act
Summary:	Requires the Maryland Department of the Environment to conduct a one-time study that identifies air pollutants emitted by large animal feeding operations and assesses any potential public health risks. While industrial chicken houses emit harmful air pollutants, we don't know how much this pollution is affecting the health of neighboring communities or nearby waters, including the Chesapeake Bay
Status:	In the House - Hearing 1/31 at 1:00 p.m. (Environment and Transportation)
Position:	Support
Sponsor:	Delegate R. Lewis/Senator Madaleno

Title:	HB116: Pesticides – Use of Chlorpyrifos – Prohibition
Summary:	Prohibits the use of chlorpyrifos – and other insecticides containing chlorpyrifos – in the state beginning on January 1, 2019. Chlorpyrifos is a toxic, nerve agent pesticide proven to cause brain damage in children and known to harm the environment and wildlife. In 2015, after extensive study, the U.S. Environmental Protection Agency recommended that the pesticide be banned for all uses. In 2017, the EPA Administrator overrode the recommendations of EPA scientists and reversed the decision to ban the chemical.
Status:	In the House - Hearing 1/31 at 1:00 p.m.
Position:	Support
Sponsor:	Delegate Stein

Title:	Statewide Ban on Consumer Styrofoam Products
Summary:	Prohibits food service businesses and institutions from serving food in Styrofoam packaging – cups, plates, to-go clamshells – or from selling these products in retail. Offers a grace-period of enforcement for businesses to use up existing stock, as well as a one-year waiver if not affordable alternative packaging is available. Ensures agency outreach to businesses to assist in compliance.
Status:	Pending introduction
Position:	Support
Sponsor:	Delegate Lierman/Senator Kagan

Title:	Forest Conservation Act Revisions
Summary:	The Forest Conservation Act, passed by the Maryland General Assembly in 1991, has the potential to be one of Maryland's best tools for protecting our state's forest land, but as it is currently written, the Act does not reflect the policies and priorities recommended by a task force in 2011. This bill identifies and protects Maryland's best forest by providing a clear definition of ecologically important areas that should be considered a priority for protection, and outlines partnerships and planning criteria for forest retention.
Status:	Pending introduction
Position:	Support
Sponsor:	Delegate Healey/Senator Young

Title:	Public Service Commission Reform - Notification Modernization
Summary:	Maryland's Public Service Commission (PSC) decisionmaking on major projects can be exceedingly opaque and make it difficult for members of stakeholder communities to navigate even with projects that directly affect them and their neighbors. This bill modernizes the public notification process by requiring notice via multiple forms of print and social media for all-natural gas infrastructure at the beginning of the process, and keeping records through a searchable and easily accessible website.
Status:	Pending introduction
Position:	Support
Sponsor:	Delegate Clippinger

Title:	Public Service Commission Reform – Health Impacts Assessment
Summary:	Requires the Public Service Commission to consider a Health Impact Assessment (HIA) on proposed natural gas infrastructure development projects, including any major modifications to existing projects.
Status:	Pending introduction
Position:	Support
Sponsor:	Delegate R. Lewis

Health and Government Operations Committee

Title:	SB0133/ HB0026 – Community Healthy Air Act
Summary:	Requires the Maryland Department of the Environment to conduct a one-time study that identifies air pollutants emitted by large animal feeding operations and assesses any potential public health risks. While industrial chicken houses emit harmful air pollutants, we don't know how much this pollution is affecting the health of neighboring communities or nearby waters, including the Chesapeake Bay
Status:	In the Senate - Hearing 1/24 at 1:00 p.m.
Position:	Support
Sponsor:	Delegate R. Lewis/Senator Madaleno

Maryland Senate

Budget and Tax Committee

Title:	HB0160/ SB0185 - Budget Bill (Fiscal Year 2019)
Summary:	We will oppose rollbacks to the legislative legacy of healthy air, clean water, and unpolluted lands. We must remain vigilant in protecting key environmental programs such as Program Open Space or the Chesapeake and Atlantic Coastal Bay Trust Fund or Bay Restoration Fund as well as critical resources needed for enforcement and program implementation at the Departments of Environmental, Agriculture, Transportation, Planning, Natural Resources, and Energy.
Status:	In the Senate - First Reading
Position:	Monitor
Sponsor:	President/ Speaker (by request of the Administration)

Education, Health, and Environmental Affairs Committee

Title:	HB0026/SB0133 – Community Healthy Air Act
Summary:	Requires the Maryland Department of the Environment to conduct a one-time study that identifies air pollutants emitted by large animal feeding operations and assesses any potential public health risks. While industrial chicken houses emit harmful air pollutants, we don't know how much this pollution is affecting the health of neighboring communities or nearby waters, including the Chesapeake Bay
Status:	In the Senate - Hearing 1/25 at 1:00 p.m.
Position:	Support
Sponsor:	Senator Madaleno/Delegate R. Lewis

Title:	HB0003/SB0138: Environment – U.S. Climate Alliance – Membership
Summary:	Requires the Governor to include the State as a member of the U.S. Climate Alliance on or before July 18, 2018; Mandates that only the General Assembly may withdraw the State from the U.S. Climate Alliance, and requires the Governor to provide an annual report on the activities of the U.S. Climate Alliance to the General Assembly.
Status:	In the Senate - Hearing 1/25 at 1:00 p.m.
Position:	Support
Sponsor:	Senator Conway/Delegate Stein

Title:	Statewide Ban on Consumer Styrofoam Products
Summary:	Prohibits food service businesses and institutions from serving food in Styrofoam packaging – cups, plates, to-go clamshells – or from selling these products in retail. Offers a grace-period of enforcement for businesses to use up existing stock, as well as a one-year waiver if not affordable alternative packaging is available. Ensures agency outreach to businesses to assist in compliance.
Status:	Pending introduction
Position:	Support
Sponsor:	Senator Kagan/Delegate Lierman

Title:	Forest Conservation Act Revisions
Summary:	The Forest Conservation Act, passed by the Maryland General Assembly in 1991, has the potential to be one of Maryland's best tools for protecting our state's forest land, but as it is currently written, the Act does not reflect the policies and priorities recommended by a task force in 2011. This bill identifies and protects Maryland's best forest by providing a clear definition of ecologically important areas that should be considered a priority for protection, and outlines partnerships and planning criteria for forest retention.
Status:	Pending introduction
Position:	Support
Sponsor:	Senator Young/Delegate Lierman

Finance Committee

Title:	Clean Energy Jobs Act of 2018
Summary:	Raises the amount of energy Maryland derives from renewable energy to 50% by the year 2030; dedicates funding to workforce development programs, especially women-owned, minority-owned, and veteran-owned businesses; phases waste incineration out of tier one energy sources and expands incentives for solar and wind-energy projects.
Status:	Pending Introduction
Position:	Support
Sponsor:	Senator Feldman/Delegate Frick

Maryland Green Champions Award

Maryland is fortunate to have a legislature full of supporters for strong environmental legislation. Every year, Maryland LCV rewards these elected officials with high marks on our annual legislative scorecard. These marks, however, don't always allow us to tell the full story of our greatest champions: the Delegates and Senators whose annual scores don't truly reflect their leadership on environmental issues.

This is why Maryland LCV created the Maryland Green Champion Award, to showcase and celebrate the legislators whose leadership rises above and beyond their voting record. This high honor will be awarded each year to Delegates and Senators who meet the following standards:

- 100% score in the previous year
- Lifetime scores since 2003 (or current and previous two legislative terms) above 95%
- Primary sponsor for at least one major LCV legislative priority in previous three years.
- Not supporting LCV opposed legislation on Hot List during that awards legislative session.
