

MARYLAND LEAGUE OF CONSERVATION VOTERS

Maryland League of Conservation Voters distributes our “hotlist” every week, to make sure you know the bills that we are tracking, where they are in the process, and what the environmental position is. Maryland LCV also produces a scorecard at the end of every legislative Session. Scores are drawn from all public record votes (Committee, Floor, Amendment) on every bill that we are tracking.

While not every bill is scored, any bill on our hotlist, or any vote that we communicate with you about by e-mail or through this Hotlist may be scored.

If you would like a bill considered for inclusion on the Hotlist, please contact Kristen Harbeson at kharbeson@mdlcv.org

Hot List WEEK of March 25, 2019

The Maryland League of Conservation Voters is pleased to present the "Hot List" – a detailed list of environmental legislation moving through the Maryland General Assembly. Usually, our volunteers will deliver the Hot List to your office every Tuesday; it will also be emailed to your office. We hope you find this weekly communication helpful and instructive as you tackle important environmental bills this session. If you have any questions, please contact Kristen Harbeson at kharbeson@mdlcv.org or 410-280-9855, extension 202.

Maryland Green Champions Award

Maryland is fortunate to have a legislature full of supporters for strong environmental legislation. Every year, Maryland LCV rewards these elected officials with high marks on our annual legislative scorecard. These marks, however, don't always allow us to tell the full story of our greatest champions: The Delegates and Senators whose annual scores don't truly reflect their leadership on environmental issues.

This is why Maryland LCV created the Maryland Green Champion Award, to showcase and celebrate the legislators whose leadership rises above and beyond their voting record. This high honor will be awarded each year to Delegates and Senators who meet the following standards:

- 100% score in the previous year
- Lifetime scores since 2003 (or current and previous two legislative terms) above 95%
- Primary sponsor for at least one major LCV legislative priority in previous three years.
- Not supporting LCV opposed legislation on Hot List during that legislative session.
